

Compton Unified School District

Notice of Public Hearing Regarding Possible Request For State Board Of Education Waiver Of Education Code Provisions In Connection With Transition To Board Districts (Trustee Areas)

October 28, 2019

Please take notice that, on November 2, 2019, the Board of Trustees of the Compton Unified School District will hold a public hearing, commencing at approximately 10:30 a.m., to receive public input regarding a possible request that the State Board of Education waive portions of Education Code sections 5019, 5020, 5021, and 5030.

The public hearing will be held in the Board Room of the District's Administrative Offices, located at 501 S. Santa Fe Avenue, Compton, California 90221.

Under Education Code section 33050, the governing board of a school district, after a public hearing on the matter, may request that the State Board of Education waive all or part of various Education Code provisions.

The District is considering requesting that the State Board of Education waive portions of Education Code sections 5019, 5020, 5021, and 5030. The request would be made in connection with the District's conversion from an at-large election system to a board-district (trustee-area) election system. The District is considering seeking a waiver of any requirement that an election be held in connection with the transition to board-districts (trustee areas), as well as certain other Education Code sections related to the election.

The precise language being waived is being posted online and at the District's Administrative Offices, and will be made available at the public hearing.

The Board is currently elected using an at-large election system, in which all Board members are elected by voters of the entire District. This public hearing is part of the procedure by which the system is being converted to a trustee-area election system. In a trustee-area election system, the District will be divided into seven trustee areas and, for each trustee area, a board member will be elected by only the registered voters residing in that particular trustee area. To be eligible for election, candidates would need to reside in the trustee area in which they are running for election.

Members of the public are encouraged to participate and provide public input at the November 2, 2019 hearing.
