

Using Your Google Account

Every Compton Unified School District employee and student have a Google Account that is used to sign in to Google-related platforms and services. The account is in the form of an email address:

***(YourUsername)*@comptonusd.net**

T

Though it is an email address, there is no email in o asso iated ith this a ount

Common CUSD platforms that require @comptonusd.net to sign in:

Google
Classroom

Google
Docs

Google
Drive

Google
Slides

Google
Meet

Google
Forms

Chromebooks

Google
Sheets

...and more!

Please be aware of which account you are using when accessing various platforms.

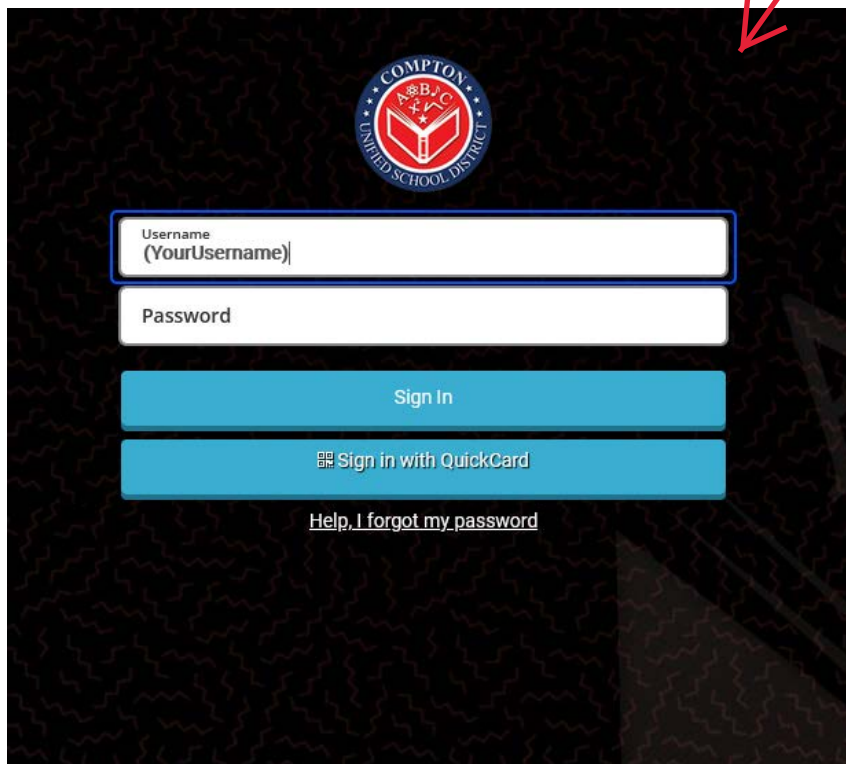

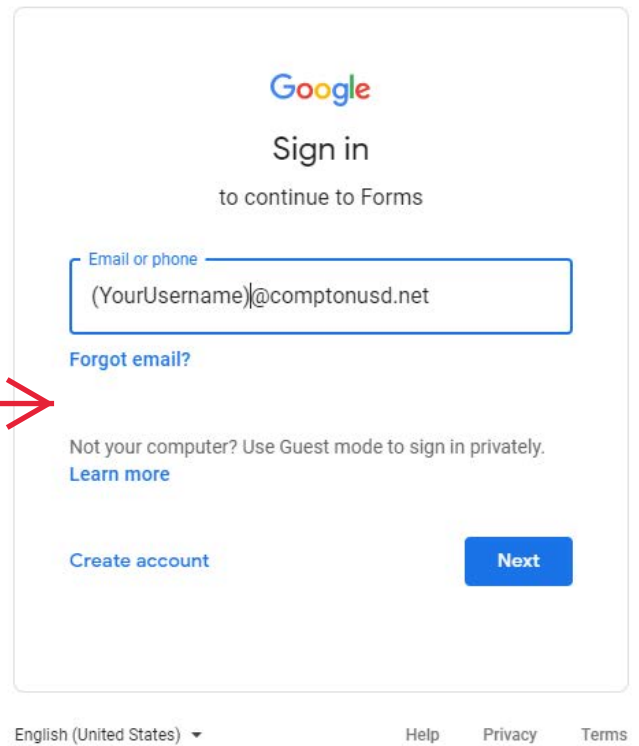

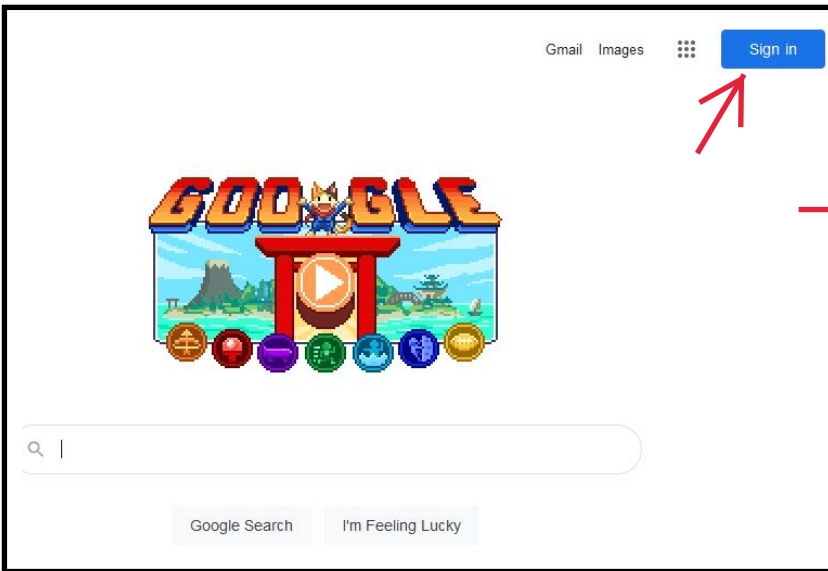

You will not be able to access Google services with your @compton.k12.ca.us email address, nor any personal Gmail address.

Note: Any emails sent to your @comptonusd.net email are automatically forwarded to your @compton.k12.ca.us inbox

Signing into your Google Account

1. Open any internet browser and go to Google.com
2. Click on "Sign In" on the top right (if you are already signed in under another account, sign out first)
3. Input your @comptonusd.net email address
4. Sign into Classlink using your District Credentials

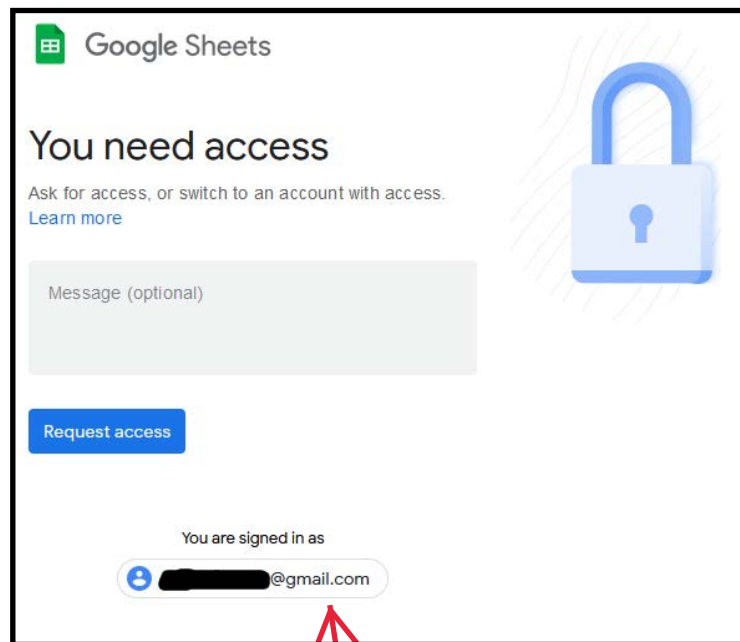

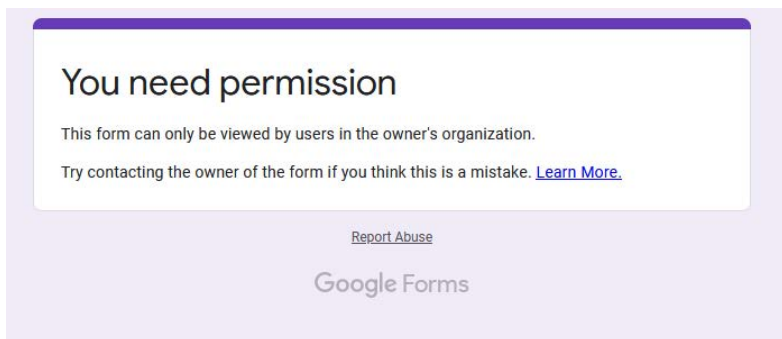

Instead of requiring a separate password, Google will redirect to Classlink for authentication.

Sign in with your District Username and Password to continue.

Note: Do not type in an email address into the Username field. It requires only your District Username.

Common Sign-in Errors

To resolve either of these issues, sign out of your current Google account and sign back in with your @comptonusd.net username. (See previous page)

Note the Gmail address.
This is not a valid CUSD account.
